John Gardner impressed us immensely when he visited us last year, with his stunning show of local and European wildlife. So bowled over were we with his work that we have asked him back again this year to present his new work :- "Wild Scenes" **Tickets £4 on the door**

John is based in Wakefield, and is one of the UK's leading Natural History and Landscape Photographers. He is immensely experienced, and is an amiable and thought-provoking speaker, and his winning images feature regularly in photographic journals and magazines.

"Wild Scenes" is a talk covering a wide range of Natural History subjects, and reflects John's passion for the natural world. His immense dedication and talent are evident in all his images and he is the true master of photographing genuinely wild creatures in their natural environments in a spectacular way. This is a lecture not to be missed! **John's website : <http://www.wildscenes.com/>**

£4 on door to cover costs. Doors opens at 7.30pm for 8.00pm start. If you are coming along, it would be useful to know numbers so that we can organise the refreshments.
