Thursday 28th August 2014

"Perpetually in Motion"

Venue : St Mary's Church Centre, Moss Lane, Sale Cheshire M33 6GD

Claire Carter's interest in photography grew from a desire to record special moments to inspire her paintings. From this has grown her passion to capture the way light transforms a scene and to share those fleeting and unique moments. She also claims it is a wonderful excuse to just "be" in places that take your breath away and that standing for hours watching the effect of light on a scene can be like watching a drama unfold.

During the last 10 years her photographs have been used in a wide range of publications and her work has been acknowledged in international photography competitions

[Perpetually in Motion](#) is an magical encounter with the Photography in the UK and Europe, and her uniquely creative approach to capturing images leaves a lasting impression,

This is a lecture not to be missed !
